Subject: Uber

Uber has set the standard for consumer safety in the Palmetto State. All uberX rides are **insured** up to \$1,000,000, which is 20x the \$50,000 required of taxis in the state, and all drivers on the uberX platform must pass **background checks** at the county, state, and federal level before they are able to drive on the Uber platform. Their commitment to safety exceeds the current state requirements

Thank you

Subject: Let Uber Stay!

To whom this may concern:

Please let Uber stay. It has been an absolute life saver and I don't mean that lightly. More Uber drivers means less drunk drivers! It is safer, faster, far more convenient than regular cab drivers. Please reconsider your decision.

Sincerely,
Daniela

Subject: Support Uber in South Carolina

As a citizen of South Carolina for over 18 years, I fully support the service that Uber provides. Thousands of South Carolinians, as well as out-of-state guests and visitors, have experienced world-class transportation with a touch of Uber customer service. Not only does Uber provide safe, affordable, and reliable rides, it greatly enhances the battle against drunk driving as Designated Drivers.

As a 20-year retired and disabled US Army veteran, I chose to join Uber to supplement my pension and disability. Many Uber drivers rely on the income to earn a living, and to stay off the ranks of the unemployed.

In short, SOUTH CAROLINA NEEDS UBER! I urge the Public Service Commission to reverse its decision against Uber, and allow everyone in South Carolina the right to World-Class Customer Service that Uber provides.

Sincerely,

Gary Hartman
